You know if you wear your socks inside out the elves can't find you because then everyone is wearing your socks, but you aren't. That way the elves can't find you because your tracks are metaphysically backwardsidearound from the elf perspective.

“Who would worship gods that are poor examples of the culture’s moral and ethical values?”

Heathens:

The Nine ~~ig~~ Noble Virtues

- 1 Courage in the wrong cause
- 2 Arguing about Loki
- 3 Racism
- 4 Misogyny
- 5 Anti-Intellectualism
- 6 Horn backwash
- 7 Disliking facial hair
- 8 Not being able to find the Faroe Islands on a map
- 9 RIKARFTIX

Courage

Because being brave does not mean you are smart.

Hospitality

Because all Heathens believe in welfare programs and sheltering refugees.

Honour

Because doing what makes you look good is most ethical.

Truth

Because the lies you tell yourself are better than the ones others tell.

Industriousness

Because without it our Jarl couldn't give us rings.

Discipline

Because nothing good comes from enjoying yourself.

Loyalty

Because life is too easy without the sting of betrayal.

Self Reliance

Because social status or wealth don't confer any advantages at Thing.
